

HUNTERS ECB YPLN

2021 Annual General Meeting

Thursday 25th November, 7.30pm

Dunnington CC

Applications to join the League

The winners of the York Vale League, **Kelfield** will join for 2022 via the Pyramid Agreement and will go into Division 4 Ebor.

Applications for 2023

Two existing clubs, **Bridlington** and **Yapham** have applied to bring their 2nd XIs into the league from the Scarborough Beckett League and York Vale League respectively. They are both well-established members of the League, well managed and with good facilities. Bridlington 2nd XI would go into either Division 2 or 3 Holderness and Yapham 2nd XI into our lowest division.

The Management Board strongly supports both of these applications.

Barwick-in-Elmet

Currently a Wetherby League club, they have applied to bring their two teams into the YPLN. The club is situated just off A64 to the West of the A1 and is well within our geographical boundary. They have a reputation for being a well-run club and have very good facilities. Their 1st XI would be placed in the 2nd Division and their 2nd XI in the 4th Division.

The Management Board strongly supports this application.

Filey

Currently a Scarborough Beckett League club, they have applied to bring their First Team into YPLN. Filey is on the East coast approximately mid-way between Bridlington and Scarborough. They have good facilities, have been a strong team in the Beckett League for a number of years and want more competitive cricket. They would go into either Division 2 or 3 Holderness.

The Management Board strongly supports this application.

Nawton Grange

Currently a Scarborough Beckett League club with a strong base of junior players who are keen to progress as a club and wish to re-join after leaving Y&DSCL in 1991. Nawton is on the A170 between Pickering and Helmsley. They currently have one team but are looking to create a 2nd XI in the next year or so. Their facilities are good and the club appears to be on a sound footing. They would go into our lowest division.

The Management Board strongly supports this application.
