

Wheldrake Cricket Club

Changing Rooms and Showering Policy

Wheldrake CC, as an ECB affiliated club have the following policy on use of change rooms and shower facilities.

- Adults must not change, or shower, at the same time using the same facility as children - if the same changing room is used then they must have different times
- If adults and children need to share a changing facility, they must do so at different times.
- Mixed gender teams must have access to separate male and female changing rooms. Wherever possible, Wheldrake CC will make arrangements for the use of an appropriate separate room for separate change rooms. Where it would not be possible, Wheldrake CC will advise that players change at home.
- Due to the risks of inappropriate photography or filming, mobile phones must not be used in changing rooms.
- If children are uncomfortable changing or showering at the club, no pressure should be placed on them to do so. Wheldrake CC will instead suggest that they may change and shower at home.
